

## **Driver/Batcher/Loader Operator Kerang Concrete**

Mawsons is a family-run business that produces quality construction materials throughout Northern Victoria and Southern N.S.W. We seek a responsible and capable person for this full time position based at our Kerang concrete plant. Duties include agitator truck driving, front end loader operation, batching of concrete and general yard duties. Thorough on the job training will be provided, which will extend to learning concrete batching and job ticketing as your skill set expands in this role. Basic computer skills required.

The successful applicant will need to be totally committed to safety and quality, show effective time management and team working skills. Providing excellent customer service will be key in this role. General truck driving experience and a current HR licence essential.
